JEWELLERY

Fine Jewellery Lookbook 2026–2027

Solid 9k, 14k and 18k gold · Natural and lab-grown diamonds

Limassol, Cyprus · since 2014 · azurechic.com

AZURE CHIC

JEWELLERY

Solid gold and diamonds, for every day

I started Azure Chic in Limassol, Cyprus, in 2014. Today our Fine Jewellery is solid gold, in 9k, 14k or 18k, set with natural or lab-grown diamonds, and on nearly every design you choose which: the same piece, the same gold, a different diamond.

Many of our designs carry Greek names with a meaning: Aenaos (everlasting), Kardia (heart), Agapi (love). This lookbook gathers our signature pieces, from diamond huggies to engagement rings.

Every piece links to its page, where you can choose the gold, the diamond and see the current price.

Andrea Patatini, founder

Founded	2014, Limassol, Cyprus. Founder: Andrea Patatini.
Gold	Solid 9k, 14k and 18k gold in white, yellow or rose: solid gold, not gold-plated.
Diamonds	Natural or lab-grown. Pieces marked Certified come with a GIA grading report (natural) or an IGI certificate (lab-grown).
Delivery	Free across Cyprus by Express, and free across Europe from €30, insured and tracked. No customs duties within the EU.
Dispatch	On most designs, pieces in 14k gold with a G/SI natural or lab-grown diamond leave us within 3 business days; other options are made to order within 10 business days.
